

# Volunteer *of the Year*

## Joyce Q. Crisostomo

Joyce first joined GMHVA in 2000 and 17 years later earned her Lifetime Member status. She has dedicated countless hours over the years especially throughout 2018 and 2019 as President of the GMH Volunteers Association.

Most recently, Joyce worked tirelessly to ensure the GMHVA was always in a healthy financial position in order to purchase the much-needed medical equipment for our hospital. She was and continues to be a huge advocate for Guam Memorial Hospital, always looking for ways to make it a better place for our island.

Joyce has been involved and been very supportive in all the activities of the Association. She worked closely with the Chairpersons of each committee and offered assistance when or where it was needed. Further, she ensured the function of each committee was accomplished.

As Chairperson of the Steering Committee, she was influential in obtaining donations from the local business community to augment the funds needed to purchase critical equipment for our hospital. These donations also provided for the Angels In Need Program, in supporting a family member for medical treatment of a child, not available on Guam.

Her relentlessness and energy are a staple in GMHVA and this is a very well-deserved award: the 2019 GMHVA Volunteer of the Year.

*Thank You for all you do, Joyce!*
