Volunteer of the Year 2018 Felice Meeks

Felice Meeks joined the GMH Volunteers Association in 2011 and has accumulated 3,900 service hours to date and 406 hours in 2018. Since she joined the association, Felice has demonstrated exemplary dedication and commitment.

Felice is integral in the successful implementation of the Gift Shop's Point of Sale (POS) - the most challenging and complex work the association has undertaken. Being a member of the Core POS team, Felice is responsible for pricing, creating/verifying items in the system, troubleshooting and training cashiers with the use of the POS system. She also creates Purchase Orders when necessary. During our annual physical inventory, Felice is responsible for scanning items and uploading it into the POS system. She volunteers regularly on Tuesday afternoons since she became a member and comes on other days when her services are needed. Her fellow volunteers, especially her Tuesday team, rely on her knowledge and skills with the POS system. The GMHVA Gift Shop is one of the association's biggest generating revenue maker. The annual revenue is geared towards the purchase of much needed hospital equipment.

Felice has served as a member of the Executive Board as the Assistant Treasurer in 2012-13. She was also the Steering Committee Chair in 2015-16 which is responsible for procurement of GMHA much needed equipment. During our Charity Ball Fund Drive, Felice always comes up with a sponsor for a table or advertiser or a Corporate Sponsor thus contributing to the success of our Charity Balls in meeting its goals.

Throughout the years, Felice served as committee member of different committees such as Charity Ball, Thanksgiving Raffle, Rummage / Bake Sale and Membership Tea Drive. She also participated in just about all the events and activities of GMHVA.

In summary, Felice stands out as an outstanding volunteer because she consistently goes above and beyond expectations and she is always willing to take additional steps to ensure projects are completed successfully and efficiently. She is easy to get along with, is very dependable, and is a proven leader and team player. She is a tremendous asset to our organization, has earned the respect and admiration of fellow volunteers because of her dedication and exemplary performance, and deserves to be named "Volunteer of the Year".
